Re: Low-Income Broadband Reporting (Docket No. WC 16-197)

Dear Ms. Dortch:

Charter Communications, Inc. (“Charter”) seeks clarification of a reporting requirement in the Federal Communications Commission’s Memorandum Opinion and Order in MB Docket No. 15-149.¹ The Order’s condition regarding low-income broadband service requires a report providing “a description of the Company’s compliance with the Condition” by May 18, 2017.² The first deadline for enrolling households, however, is not until 13 days *later*—on May 31, 2017.³ In order to rationalize the sequence of compliance and reporting, and provide Charter with sufficient time to prepare and file the report, Charter requests that the first low-income report be due July 31, 2017. The subsequent semi-annual reports would then follow starting January 31, 2018. The substantive requirements of the Condition would remain unchanged.

Please advise if this approach is acceptable. Please also let me know if you have any questions regarding the above.

Sincerely,

/s/ John L. Flynn
